LAFAYETTE — ORINDA, CALIFORNIA — FRIDAY, JULY 14, 1950

TEN CENTS

BE CAREFUL when driving on the highway—or, for that matter, when you're driving anywhere, and whether you're driving a car or a horse! Although it's too late to say that about this scene, the soundness of this oft-repeated advice is borne home by the accident which occurred at this spot shortly before the picture was taken. The location is Mt. Diablo Boulevard just east of Upper Happy Valley Road. Lying on the pavement is Jerrold T. Maloney, 17, of El Cerrito, who was knocked from his horse and injured during the rush hour on a recent afternoon when the horse bolted off a driveway and moved in front of an east-bound car driven by Bernard Charles Woolf of Lafayette. The resultant car-horse collision landed young Maloney in Concord Hospital.—SUN photo by Jim Barnett

Rally Tuesday, Mothers Club Support Highlight School Bond Election Drive

With community support steadily mounting, the proposed \$400,000 Orinda school bond issue assumed generally recognized importance in the area this week.

Interest in the July 25 election will be highlighted by a public meeting next Tuesday night at the Orinda Grammar School. The meeting, to start at 8 p.m., is being arranged by the Orinda School Board. According to Superintendent Joseph L. Sheaff, who is secretary to the board, all members of the board are expected to talk on the school-housing and related financial problems of the district pointing to the need for the bonds.

Latest organizational endorsement of the school bonds was by the Orinda Mothers Club. President Mrs. J. H. Schwarck announced that the Orinda Mothers Club Board of Directors this week endorsed the coming school bond issue. In taking this action, the board recognized that this community is growing and that in order to keep ahead of its educational needs a policy of wise and careful planning is necessary.

HOPE FOR YES VOTE

The board expressed the hope that the community will support the policy of the Orinda School District trustees for future planning by voting for the bond issue on Tuesday, July 25.

Polling place for the July 25 election will be the Orinda Grammar School, with voting hours from 7 a.m. to 7 p.m. Election officers will be Mrs. Helen Vurek, inspector; Mrs. Pat Farrar and Mrs. Libby Badgley, judges.

If you're planning to be away on a vacation during the week of the school bond election, you can still vote by absentee ballot. Superintendent Sheaff pointed out.

ABSENTEE PROCEDURE

As explained by Deputy District Attorney Charles Hemmings, in charge of school districts for the district attorney's office, the procedure for absentee voting is as follows:

1.—If you know that you will be absent at the time of the election, you can go before the clerk of the school board (Mrs. Joan Erikson) and vote on any day prior to the election.

2.—If you are away from the district now and will not be back in time for the election, you can write to the school board clerk and ask for an absentee ballot, provided

ed your request is received not more than 20 days or not less than five days before the election; your marked ballot must be received by the board within six days after the election.

Official canvass of the votes will be made by the school board August 1, 7:30 p.m., at the Orinda Grammar School.

Campfire Girls Have 'Cook Out'

Orinda Campfire Girls are continuing to enjoy their weekly meetings under the leadership of Mrs. Everett Dempster, but have changed the time from Saturday to Monday. Last week they had a very successful "cook out" at a spot called the Willows in Tilden Park.

While some of the girls tended to the dinner preparations of spaghetti and meat balls, tossed salad and butterscotch pudding, the others made maps of the picnic spot.

This week the girls worked on their ceremonial gowns, each sewing on the honor beads received and decorations in felt and leather.

National Guard Members Return From Maneuvers

Among members of Company C, 159th Infantry Regiment of the National Guard, who returned Sunday from two weeks of maneuvers at Camp San Luis Obispo were Sgt. George E. Cox, Sgt. Allen C. Frandsen, Sgt. Harold Cohn, Pfc. Albert Vielbaum and Pvt. Robert Mendes, all of Lafayette, and Cpl. William J. Koch of Orinda.

The company, which was selected as the Governor's Honor Guard at the camp, will march through Walnut Creek, Danville and Martinez this Sunday, and recruiting booths and a sound truck will be used in an effort to get enlistments. Scheduled times are Walnut Creek, 10 a.m.; Danville, 11:15 a.m.; Martinez, 1 p.m. The 159th Regiment headquarters are in Walnut Creek.

Moraga Meadows Session on 20th

Members of the Moraga Meadows Association will hold their regular quarterly meeting at the Carroll Ranch Club at 8 p.m. next Thursday. Free swimming before the meeting will be provided by the Carroll Ranch, and refreshments may be purchased at the club.

The brief business meeting will include a discussion of local sewer problems, fire protection and the school bond election to be held July 25. Dr. Herbert Wise, president, will direct the meeting.

Cmdr. Lofland Sent to Oak Ridge

Navy Commander John Lofland of Orinda Highway, who has been studying in the atomic research department of U.C., has been sent to Oak Ridge, Tenn., for further study. He expects to rejoin his family about September 1.

Plan Easing of Crossroads Jam

It'll Be Overpass, State Engineer Tells Orinda Representatives at Meeting

That long-standing Orinda Crossroads puzzler, the question of whether overpass or underpass spells the future for development of Mt. Diablo Boulevard in that vicinity was clarified this week.

It will definitely be overpass, District Engineer L. A. Weymouth of the State Division of Highways informed a representative group of Orindans Tuesday evening.

Weymouth and Assistant District Engineer C. F. Green met with Supervisor H. L. (Jack) Cummings, Road Commissioner Joseph W. Barkley, the board of directors of the Orinda Association and officers and directors of the Orinda Chamber of Commerce in a dinner get-together at Casa Orinda.

The gathering was arranged by the Orinda Association and the Orinda Chamber of Commerce in an effort to learn of state and county road plans for the heavily traveled Orinda Crossroads area. President Marvin Bonds of the association and President Bill Worden of the chamber led in the move for the joint session with state and county officials.

PRELIMINARY PLANS

Weymouth revealed that the State Division of Highways has preliminary plans drawn up for an overpass at the Crossroads. These preliminary plans, which were shown to the group, provide for an ultimate six-lane freeway overpass which, with approaches, would cost in the neighborhood of over a half-million dollars, while the Crossroads portion underneath would remain a four-lane highway.

At the same time, the district engineer stated that the state division was set to start widening its portion of the Crossroads intersection — Moraga Highway near Mt. Diablo Boulevard.

WIDENING BEGUN

The next day, Wednesday, work was started on widening of the intersection. Cutting back of the "islands" was the procedure being followed. The "rip-rap" or "herringbone" dividing strip in the middle of the road was left there, because it is considered necessary for proper signal control.

In April the Orinda Association wrote to the highways division that the "rip-rap" concrete division down the center of Moraga Highway was having the effect of creating a two-lane road instead of the four-lane road it was intended to be, and Col. John H. Skeggs, district engineer, had promised the association that plans were being prepared to provide four lanes of cross-traffic through the intersection.

Regarding an overpass, Weymouth pointed out that it would be much more feasible than an underpass because of much lesser cost, the problems of drainage in the area and the general terrain.

NO DATE SET

However, he said, no date has yet been set for start of actual construction, and no time-schedule has been worked out, due to the fact that in the past three years the state division has already spent the money set aside for this county, under the Collier-Burns Act, for a five-year period. An estimated \$400,000 was charted for this county under that setup, and

Small Grass Fire In Glorietta Area

Only one fire, a small grass blaze, occurred in the Orinda area during the seven-day period up to 2:45 p.m. Thursday, according to Fire Chief H. E. Wyatt.

Not more than two acres were burned in the fire, which was near the end of Glorietta Boulevard last Saturday. Cause was undetermined, the chief said.

there are now deficiencies of at least \$400,000.

Therefore, although overpass preliminary plans have been drawn up, Weymouth emphasized that the Division of Highways' primary job now is to secure "intermediate relief" — to solve, so far as possible, the most pressing current problems.

EXPRESSES GRATIFICATION

President Bonds of the Orinda Association later expressed the gratification of the Orindans present. "Those of us from Orinda who attended this gathering are really impressed by the presentation these state highway officials made," he said. "They really understand the problems of this rapidly growing area. They didn't come here with vague talk, but were familiar with such vital factors as traffic counts, area growth and other important figures."

"All in all, even though the overpass is still in long-range perspective, we feel that these state highway officials are keenly aware of our urgent problems, and will do what they can to remedy them."

Survey Ordered for Sleepy Hollow Area Sewer Installation

Central Contra Costa Sanitary District board of directors has authorized John Mason, district engineer, to proceed with surveying and engineering plans for installation of sewers in the Sleepy Hollow area and that of Hacienda Del Orinda along Miner Road.

The area will be known as Local Improvement District No. 22. With completion of planning, the Sanitary District will be ready to advertise for bids in the early spring of 1951, Mason reports.

There have been a number of requests for information about sewer installation from residents of this area, as well as petitions and letters, it was revealed. Investigation by health officers has disclosed a high percentage of septic tank failures in the area.

Hearing on the resolution of intention to establish L.I.D. 21, Moraga-Glorietta area, is scheduled for July 20.

Mag Salesman Draws Hidden Valley Complaint

A report from Hidden Valley indicates there is some dissatisfaction in that area where a magazine salesman has not been considered too ethical in selling subscriptions to various well-known magazines. He is said to have made sales in Orinda, too.

Report was that the salesman was not as frank as the buyer thought he should be, with some misrepresentation on prices. The man peddling subscriptions declared he was a war veteran.

Yes, Crossroads At 5 P.M. Gives Proper Setting!

It wasn't arranged with an eye for the dramatic, but it might as well have been. Meaning, of course, Tuesday's dinner meeting of State Division of Highway engineers, Supervisor Jack Cummings, County Road Commissioner Joseph W. Barkley, Orinda Association directors and Orinda Chamber of Commerce officers and directors.

When District Engineer L. A. Weymouth of the highways division was asked when he and Assistant District Engineer C. F. Green could meet with the group, he told President Marvin Bonds of the Orinda Association:

"Well, we have to be at the Planning Commission meeting Tuesday night, so we might as well get together for dinner before that, about 5 p.m."

When Weymouth arrived at the Crossroads at 5 p.m. Tuesday for the session at Casa Orinda, he gazed fascinatedly and a bit apprehensively at the long, choked-up, bumper-to-bumper lines of cars—a daily rush-hour traffic demonstration there, as every Orindan knows.

"Whew!" he gasped, after getting his breath. Turning to Bonds, he remarked: "You certainly picked a strategic time for a conference on highway problems!"

Laughingly, Bonds reminded Weymouth: "You set the time yourself." Then he added: "But I'm certainly glad you've seen this traffic snarl."

Chamber Meets at Noon on Thursday

Noon next Thursday and Casa Orinda are the time and place of the next regular meeting of the Orinda Chamber of Commerce, President Bill Worden reminds directors of the organization.

Explorer Scouts Back from Trek

Twelve Explorers of Orinda Post 300, tired but happy, returned home Sunday from a nine-day fishing and camping trip to the Marble Mountain primitive region near Redding. While there they packed into the backwoods about 60 miles and explored the lakes of the area. And, they report, they caught lots of fish.

Accompanied by Dr. R. C. Hall and R. D. Harrison, adult leaders, the Explorers who went on the trek were Dave Todd, Jim Hall, Charles Gompertz, Bob Harrison, Don Reid, Stan Pedder, Joe Conley, Charles Kops, Tom Morrish, Ted Beckett, Bob Crall and John Davey.

Pandora Chapter Dance Will Start Autumn Activities

Autumn activities of the Pandora Chapter of the Children's Home Society will open with a dinner-dance at the Diablo Country Club Saturday, September 23.

Plans were formulated at a recent luncheon given by Mrs. Fred Crawshaw at her home on La Vuella. Mrs. Crawshaw, chairman of the event, will be assisted by Mesdames J. St. Clair, Loyd Calloway, Joseph M. Long, Roy Price, Robert Powell and President Mrs. R. P. Rasmussen, who will be ticket chairman.

Mrs. Loyd Calloway recently became a member of the Pandora Chapter.

County May Spend \$40,000 to Widen Moraga Highway

If the currently considered county budget is passed, about \$40,000 will be spent by the county on widening and straightening Moraga Highway between the Crossroads and Glorietta Boulevard during the coming year, Supervisor H. L. (Jack) Cummings stated this week.

He told this to Orinda Association directors and Orinda Chamber of Commerce officers and directors who met with him and Road Commissioner Joseph W. Barkley and with two State Division of Highways officials, District Engineer L. A. Weymouth and Assistant District Engineer C. F. Green, Tuesday evening. The meeting was a dinner gathering at Casa Orinda, arranged by the association and the chamber.

NEW CURBS

Part of this \$40,000 project will probably be the building of new curbs from Camino Encinas to Golden Gate Road after removal of about four feet of sidewalk width, Cummings indicated.

Don Rheem and Arthur Breed had recently expressed a favorable attitude toward the idea of dealing to the county a strip of their sidewalks in that section if the county would build the new curb.

NEVER CASE LIKE THIS

"It's not the policy of the county to build curbs and sidewalks," Cummings told the SUN later, "but we've never had a case like this before, with such pressing traffic problems along a county road, so I think we're obligated to do it."

The association and chamber representatives urged upon the two county officials the necessity for widening the street between Black's Market and Sprouse-Reitz Company and Orinda Hardware, and Barkley and Cummings agreed to go into the matter seriously. Cummings said that after a survey and cost estimate by Barkley, he would try to work the project into his phase of the county budget for the 1950-51 fiscal year.

NEED FOR TURNAROUND

Also discussed was the need for a turnaround at the Crossroads on Moraga Highway, enabling motorists to cut through from Camino Encinas to Golden Gate Road without having to make a U-turn on Moraga Highway, as at present, in order to get back to the Crossroads.

The supervisor and the road commissioner agreed to make a study of a possible road through that section. It was pointed out by Cummings that such a project would require some expensive right-of-way procedure.

ORINDA HIGHWAY

Another important point mentioned by Cummings at the dinner meeting was that in his present budget plans he has provision for resurfacing Orinda Highway (San Pablo Creek Road) from the Crossroads to the Village, with a study to be made looking toward widening the west side of the road.

Cummings pointed out that widening of that side, along which drivers travel going toward the Crossroads, would alleviate much of the early morning traffic jam by permitting Oakland-bound motorists to make a right turn onto Mt. Diablo Boulevard conveniently.

Cummings also mentioned the need for curbs along Moraga Highway south of the section where curbs now exist. He informed the SUN afterward that he was trying to interest the Chamber of Commerce in getting merchants there to obtain curbs.

Psst! Quiet! An Investigation Is Underway

(SEE EDITORIAL PAGE)

Sh-h-h . . . Quiet, please! . . .

There's an investigation supposed to be going on in Contra Costa County . . . something to do with gambling, it seems . . . Or haven't you heard?

With the grand jury's charges of widespread gambling in the county still reverberating, along with its condemnation of Sheriff James N. Long and District Attorney Francis W. Collins for failing to crack down on it, Chief Special Agent George Griffin of the Attorney General's office has been in the county.

PHONE CALL TO GRIFFIN

In an effort to learn how his assignment by Attorney General Fred N. Howser has progressed, the SUN phoned Griffin at his San Francisco office. Griffin said he was in this county last week but he wouldn't reveal on what days or just where.

"Are you coming to Contra Costa County again?" he was asked.

"Oh, yes," he replied — but, when questioned further, he refused to say just when that would be.

OOPS! — AN ASSUMPTION

"Last week you told us your office was mainly interested in the grand jury statement to the effect that little or no consideration would be given by the Attorney General's office to a request for help," the SUN reporter said. "I assume you're also interested in the over-all gambling picture here, aren't you?"

"That's an assumption," answered Griffin.

QUESTION IS ASKED

"Well, then I won't assume anything," stated the reporter. "I'll just ask you if you're interested in the over-all picture."

"I reported to you last week that we're primarily interested in the source of the information that this office wouldn't move," rejoined Griffin.

Regarding his refusal to divulge the where and when of his visits to Contra Costa County, Griffin explained he is an investigator and intimates that therefore he could not disclose his movements in this situation.

Sh-h-h! . . . Quiet, please! . . . There's an investigation going on — seems like there's gambling in the county . . .

Contra Costa Tops Population Growth; Will Oakland Be Suburb of This Area?

Contra Costa County led the entire Bay region in population gains during the 1940-50 decade.

Harry N. Nolder, area supervisor for the Census Bureau, today listed the Contra Costa Population as 297,729—an increase since 1940 of 196,950, or 196 per cent.

SHIFT FROM CITIES

Behind these startling figures was another drama—that of the steady shift of population away from the urban centers to the rural areas. This phase of the census statistics was of particular interest to the Lafayette-Orinda area, where speculation arose to the effect that maybe in the not too distant future Oakland might become a suburb of Lafayette or Orinda.

Contra Costa figures reported by B. L. Branson, Bay Area district supervisor for the Census Bureau, showed 1950 urban population of 175,695 and rural population of 122,034. This means the incorporated areas have slightly over 59.91 per cent of the county's population, and the unincorporated areas have almost 49.08 per cent.

RURAL AREAS GAIN

In 1940, the urban population of the county was 51.6 per cent of the total, and the rural population was 48.4 per cent of the total, according to Branson, who added that in 1930 the urban proportion was 55.6 per cent and the rural, 44.4 per cent.

Thus, the urban population percentage has steadily declined, from 55.6 in 1930 to 51.6 per cent in 1940 and to 50.91 per cent in 1950, while the unincorporated areas' percentage has correspondingly jumped.

Branson, whose Alameda district office is the Census Bureau headquarters for the Bay Area, now that the census-taking has been completed, stated that specific breakdowns for population in the unincorporated regions, such as Lafayette and Orinda, would be announced in Washington later, probably not for some months. During the recent census, the Alameda district office had supervision over enumeration in all of Contra Costa County and a portion of Alameda County.

OAKLAND BELOW 400,000

Oakland's population registered a 10-year advance of 80,300, from 302,163 in 1940 to 382,463 in 1950, a 26.5 per cent gain. However, Oakland's hopes of reaching the 400,000 mark this year have apparently been shattered, despite double-checking by the Oakland Chamber of Commerce and the city in an effort to locate persons who might have been missed in the enumeration.

Similarly, Richmond, with its 99-

163 count, is unhappy about falling short of the hoped-for 100,000 mark. Contra Costa County's increase of 196 per cent was far greater than that of its nearest Bay Area competitor, San Mateo County, which had a 109 per cent gain, a population tally of 234,030 being listed. The San Mateo numerical gain was 122,248.

MARIN IS THIRD

Third is Marin County, across the Golden Gate Bridge, with a population gain of 31,832 to 84,739, or 60 per cent.

Alameda County, fourth, is credited with a 734,740 population, an increase of 221,729, or 43 per cent.

The five-county San Francisco metropolitan area's population is listed at 2,111,290, as compared with 1,428,525 in 1940. The city and county of San Francisco tallied 760,381 persons, a 20 per cent gain from 1940. The 1950 San Francisco figure is considered disappointing by city officials.

CONTRA COSTA CITIES

The 1950 incorporated areas' population of 175,695 in Contra Costa County is reported as follows by Branson:

San Pablo, 14,501; Martinez, 8,215; Walnut Creek, 2,418; Concord, 6,965; Pittsburg, 12,662; El Cerrito, 18,015; Antioch, 10,973; Richmond, 99,163; Brentwood, 1,642; Pinole, 1,141.

Saranap Gets New Reservoir

Residents of the Saranap area will soon be enjoying greatly improved water service.

The new 100,000 gallon tank-type reservoir, located near the end of Panoramic Way and Grandview Place, is now completed and in use, according to an announcement by the East Bay Municipal Utility District.

One unit, 600 feet, of a new 12-inch main paralleling the Sacramento-Northern and extending west from Tyce Valley Road, has also been finished. It is estimated that the remainder of this supply line, consisting of 1500 feet of 12-inch pipe, paralleling the right of way and extending from Reliez Station Road to the west end of Newell Avenue, will be completed and in service by August 1.

McCunn to Talk On J.C. Budget

Drummond McCunn, superintendent of the Contra Costa County Junior College District, is slated to appear before the executive committee of Contra Costa County Taxpayers' Association at its meeting next Monday to discuss the 1950-1951 budget of the Junior College, Association president, C. E. Fleeger announced.

Disappointed in the tentative budget, upped from this year's rate of 27.6c to the limit tax rate of 35 cents, association officials intend to thoroughly dissect the Junior College budget, it was learned.

Boards Tell Plans For School Buses

With the coming school year, 12 Acalanes High School owned buses will handle transportation for the high school and Orinda and Lafayette Elementary School Districts. The Acalanes High School Board will be the administrative body for the new transportation setup, with the Orinda and Lafayette Elementary Districts as cooperating units, each paying a fair percentage of operation costs on a mutually accepted formula.

With the establishment of school management of buses for the three districts, it is expected pickups and deliveries can be worked out with the utmost efficiency and economy. To this end the total transportation scheme is now being studied.

SOME CHANGES

The effect of transportation for most children will be virtually the same as in the past. Some mileage economy will be put into effect with the new system and some changes in schedule should be expected in all districts with the opening of schools this fall.

The school boards point out that the tremendous growth in school population during the past several years with the resultant load on our transportation system makes it necessary for some cut-back to be made in the rate of pickups. The number of stops cannot logically increase in proportion to the population growth. If this were allowed to happen, our schools would become burdened with an unwieldy and costly bus system out of proportion to other school costs.

As always, the criterion, the boards declare, will be to maintain the utmost in safety in getting children to and from school. In these rural districts the problem of safety is more difficult than in traffic-regulated city areas. The highway running through the districts and county roads without sidewalks, coupled with the ever increasing

amount of traffic, pose many safety problems.

In our area a bus system becomes necessary from the stand-point of safety to our children as much as from that of convenience. To establish a system incorporating the utmost in safety and convenience, within a reasonable transportation budget is the goal of the districts.

ASK COOPERATION

With these facts on transportation in mind, the school boards ask the understanding and cooperation of the parents and children in these districts involved in the new transportation setup. Remember, with the numbers of riders represented there will be individual variation in nearness to bus stops. Scheduled stops will, of course, be more satisfactory to some than others. All may feel assured, however, that the aim will be toward a schedule as fair to every family and child as is possible to establish within the newly defined policies, it is emphasized.

Lafayette Lions Hear Talk on J.C. By Supt. McCunn

Superintendent Drummond J. McCunn addressed Lafayette Lions Club on the "Object of a Junior College in this District" at the service club meeting held Tuesday evening. The J.C. superintendent also outlined the tentative budget for the year and explained plans underway for establishment of the East Campus near Concordia Monument, according to Gordon Hooper, secretary.

A board meeting has been scheduled for 8 p.m. Monday evening at Central Bank, when committees will be appointed for the year.

Canyon-Moraga Game Played to Aid Alexanders

Canyon and Moraga ball teams played a benefit game at Moraga last Sunday, to aid the Cecil Alexander family, whose home was completely destroyed by fire recently.

Moraga picked up a 2-0 lead in the first inning and continued to hold Canyon scoreless until the fifth, when Canyon bats came to life, scoring five runs. Final score was: Canyon, 9; Moraga, 3.

The Moraga team was a combination of two Moraga teams, the Lards and the Crackers.

Home runs were banged out by Arlo Compher, Canyon pitcher, and Bob Freitas of Moraga.

Umpires were Don Cooper (in-field) and Joaquin Foster (plate). Pat Foster of Canyon was official scorekeeper.

George Sturgeon Views Six States On Trip Home

High Wyoming cattle country, the Mormon Temple in Salt Lake City and the excellent roads in Nevada were highlights of the recent motor trip home by George B. Sturgeon of Boyer Circle.

Other interesting sights were Mark Twain's old home at Hannibal, Mo., and Abraham Lincoln's home in Springfield, Ill.

Sturgeon and a friend drove back to California from Chicago, where Sturgeon had gone on the train, for a brief business visit.

The auto trip home, via Route 30, was through Illinois, Missouri, Nebraska, Wyoming, Utah, Nevada and California.

"The magnificent architecture of the state capital at Lincoln, Neb., impressed me," Sturgeon reports. "Illinois and Missouri had the best farming country I saw."

Good Comedy About Bad Check By Strawhatters

Without malice, but with considerable aforethought, the Straw Hat Theatre presents a politically impertinent musical comedy, "Write It Off." When the curtain went up on "Write It Off" last Friday night, the Bay Area had first look at a full-length, brand new, entirely original show.

The political problem engrossing the Strawhatters is this: What would happen if the President of the United States paid his income tax with a bad check? He'd have to get it back, before it got near a bank (everybody knows that every banker in the country is a member of That Other Party). But does anybody know where the money goes? No. A Congressional Investigating Committee is appointed to find out. They're very handy (as Elizabeth Berryhill, the lyricist, points out — "If you're whipping up a sweater and you purl when you should knit, get a Congressional Committee to investigate it.")

In the course of two acts, Strawhatter Dave Fulmer (as the Boy President who plays the trombone) unravels his problems, writes off the national debt and produces a national surplus of one (1) dollar. You will, of course, have to see this to believe it.

In the field of original material, this is the Strawhatters' first departure from their very successful revues. According to its three collaborators, Betty Hirschfield, dialogue, Elizabeth Berryhill, lyrics, and Gordon Connell, music, "Write It Off" presents no message whatsoever. It offers an evening of musical and political fun, in a thoroughly light-hearted way.

Vehicle License Fee Allocations Announced

Allocation of \$244,332.07 in motor vehicle license fees, known also as the "In Lieu Tax," to Contra Costa County, was announced by State Controller Thomas H. Kuchel.

Another \$427,560.43 went to cities within the county. The disbursement, according to Kuchel, covered the period from December 1, 1949, through May 31 of this year.

Girls Scouts' Camp Now Being Readied

Sierra Woodland, the Diablo Valley Area Girl Scout summer camp, is growing from a forest of trees, rocks, brush and rugged and undeveloped country into what will be a delightful girls' summer camp.

Bulldozers have pushed rocks and trees away to make the road and parking area. The well is progressing and a big redwood water tank has been obtained. The kitchen and dining unit forms are in and the concrete has been poured and the unit is really taking shape.

Fred Seulberger, chairman of the Site Development Committee, is being kept very busy attending to details. Mrs. Marion Conklin, director of the camp, and Mrs. Karl Pape, assistant director, have been to Sierra Woodland many times, as their suggestions were needed.

Peter Howard has spent a lot of time taking truck loads of material up and he and his family are spending their vacation up there working. Mr. and Mrs. Walter Roberts spent the 4th of July weekend helping out. The James Gray family were up there for a week and a half.

Although a crew of men is working steadily on the camp, many volunteers are still needed. Those without camping equipment can obtain cabins at Sardine Lake about two miles from the camp. Why not take your family up there for a vacation or a weekend before July 23 when camp opens and help get things in shape? Call the Girl Scout office, Lafayette 4414, or Fred Seulberger, Lafayette 2297, for more details.

NEW STREAMLINER

Southern Pacific's new Sunset Limited streamliner will inaugurate its daily service between Los Angeles and New Orleans on August 20 to give the railroad streamliners all the way from Portland, through the San Francisco Bay area and the California valleys, to the Gulf city, a distance of more than 3000 miles.

Jack Pedder New Head of County GOP Committee

When the central committees of the three political parties in Contra Costa county met Tuesday night as required by law, the only contest was for the leadership of the Republican group.

Frank Hollender, immediate past county chairman of the GOP, was opposed for reelection by Jack Pedder.

Elected to lead the county Republicans was Jack Pedder of Lafayette, who, in accepting the office, spoke with genuine appreciation of the leadership of Frank Hollender of Pittsburg, retiring committee chairman.

"After years of its dormancy, Frank has sparkplugged this committee during the past two years, and I plan to urge and lead the committee forward to a victorious campaign for our assemblyman candidate, Leo Armstrong," said Pedder.

Other officers elected to serve with Jack Pedder were Louis Bernheim, Richmond, vice-chairman; Emily Axtell, Richmond, ladies chairman; Bob Blake, Richmond, secretary, and Harmon Howard, Walnut Creek, county committee treasurer.

The Democratic committee elected the following for the next two years:

State Senator and unsuccessful candidate for nomination to run for Lieutenant-governor, George Miller, Jr., was voted chairman; Martin Rothenberg, Pittsburg, vice chairman; Bert Coffey, Richmond, was elected to the new post of administrative secretary; C. A. (Cappy) Ricks, Martinez, treasurer; and Mrs. Pauline Johnson, Lafayette, recording secretary.

Named by the Independent Progressive central committee were: Lofton Fowler, Richmond, chairman; Charles Floyd, Martinez, vice-chairman; Miss Mary Bronson, Richmond, secretary, and Royal Sturlevant, Richmond, treasurer.

Captain Sandford Sez:

HO, HUM! HERE GOES another barrage of self-praise or whatever you care to call it. But the way, I feel that I owe a debt of gratitude to this Jones who wrote about me in this paper. I think I shall tag him Sherlock Jones, because he has undoubtedly done a great deal of research pertaining to me and he has certainly pointed out some of my shortcomings to the people.

And being, as I am, a grateful kind of a cuss, I think he should maybe call on me so that I may make some kind of endeavor to find out some of his faults and thereby help to straighten him out generally.

HERE IS A FUNNY ONE. A bank to which I owe some money sends me periodically a statement saying that my balance is overdue in the sum of \$28. They then say, "Would you make this payment as soon as possible. Thank you," and they sign themselves on the typewriter. Can any of you folks sign your names on the typewriter? I can't.

The stupid thing about all this is that the payments agreed to by me have been more than met with punctilious precision. And I suppose the person who does not meet his obligations will be given a diamond-studded wrist watch. And pipe down, you birds in the back row there. It is not the local bank. I have found them precise and accurate so far.

DID IT EVER OCCUR TO YOU that everyone has something to sell? Let us begin with Christ. He originally had to sell his idea to his disciples, who, in turn, went out into the highways and byways to sell others. Your father had to sell himself to your mother, or vice-versa; and even the minister has to keep himself sold to his congregation or he'd be looking for a job. And yet how few of us are really capable of doing a really first-class job of selling?

Housing Agency Pays Half-Million

According to figures released by the Housing Authority of the County of Contra Costa, over one-half million dollars, or money enough to build two medium-sized elementary schools of approximately 10 classrooms each, has been paid in lieu of taxes the past eight years to the county and city tax collectors by the Authority.

\$597,211.59 is the grand total of payments in lieu of taxes made by the Authority, which the County Superintendent of School's office estimates would equip, administer and maintain one very large or two smaller educational plants with buildings, grounds and facilities for faculty and administration, serving over 600 children.

Low-rent projects alone have accounted for approximately \$58,000 of the grand total, or a sum large enough to construct shops or a gymnasium for the hypothetical school.

Running from 1942 to the estimated 1950 payments, the in lieu of tax total includes eight war and veterans' housing projects, as well as four low rent developments located in Brentwood, Antioch, West Pittsburg and Martinez.

Application for examination for supervising public health nurse (salary, \$326-392 per month) will be accepted by the Contra Costa County Civil Service Commission until August 4, according to F. E. Emery, director of personnel. Time and place of the examination will be announced later.

Purpose of the examination is to create an eligible list from which a present vacancy and future vacancies will be filled.

Personnel Tests At J.C. July 22

Personnel tests required of all students planning to enter Contra Costa Junior College will be given Saturday, July 22, at 9 a.m. in both Richmond and Martinez, according to J. Graham Sullivan, director of curriculum.

The tests will be given at the West Campus, 1305 Central Drive, Richmond, and in the library at Alhambra High School, Martinez. Students must take the tests before registration can be completed.

EBMUD Sets 28th As Exam Date for Accounting Head

The East Bay Municipal Utility District has announced a Civil Service opportunity for customer accounting supervisor at a beginning salary of \$403. The duties of this position comprise planning, coordinating and directing the record-keeping work of the customer accounting subdivision of the accounting department, and performing related work as required.

To compete in the examination, which will be held July 28th, applications must be filed by July 18. Entrance requirements include high school graduation and seven years of employment in progressively responsible office work, of which at least three years must have involved the supervision of subordinate employees engaged in a wide variety of difficult clerical functions; or equivalent education and experience.

The position is open to men only. Maximum age for initial employment is 45 years.

Further information and application forms may be secured at the personnel office, Room 304, 512 16th Street, Oakland, or at any of the business offices located in Alameda, Berkeley and Richmond.

The grand jury report on widespread gambling throughout the county certainly did not surprise the citizens of our community. This newspaper and local residents have discussed the problem for some time.

Of course, it is gratifying that the true picture is finally being presented elsewhere. (Remember that Orinda and Lafayette were the only towns of any size that voted against Sheriff Long, who is condemned in the grand jury report.)

Now at last an official governmental agency verifies the facts. (Read the adjoining brief grand jury report on gambling.)

Now what will happen?

Will "gambling and associated vices" be cleaned up by our sheriff and district attorney?

If not, who will take the responsibility for doing this important job?

Or will this just be "another grand jury report" with no action taken?

Frankly, we can not foresee a strong drive by our county enforcement officers to wipe out gambling and the vices. How can we expect them to do this now when even before the election they saw no necessity to put the heat on gambling? Remember, Sheriff Long and District Attorney Francis Collins were both re-elected.

Gambling is firmly entrenched here and will not be eliminated until we elect men who sincerely wish to uphold the responsibilities of their

office.

Then, to whom can we turn?

To Attorney General Fred Howser? This is the state officer who should step in when local enforcement falls down. The grand jury reported that recourse to the Attorney General was "out of the question."

Since then, Howser indignantly sent his chief special investigator here. But Investigator George Griffin told the SUN last week that "We're mainly interested in the report that they couldn't get any assistance from this office."

Apparently, the Attorney General's office is not too interested in gambling itself.

Barring unforeseen events, our hope is the new attorney general who will take office next year. In November either Pat Brown,

Highlights of the Grand Jury's Report

Briefly, this is what the Contra Costa County grand jury reported on gambling. (A full account was published in the SUN last week.)

"Gambling and its associated vices are found generally throughout the county, and apparently little or no effort is being made to curb these activities, either from the standpoint of policing or obtaining convictions after arrests are made."

"... in fairness to both the district attorney and sheriff, we wish to point out that no evidence was developed that indicated these activities are given protection; on the contrary, it appears to be primarily a lack of interest on their part in the problem, or, possibly from a political standpoint, fear of antagonizing officials and other in-

fluential people of the communities where these are involved."

The sheriff's and the district attorney's claims that they are reluctant to combat violations in cities unless specifically requested to do so by local authorities and that they do not have adequate staffs to combat gambling in unincorporated areas "ARE NOT LOGICAL," the grand jury emphasized. "Both have taken an oath to carry out the responsibilities of their offices and know what these responsibilities are."

"It is a well-known fact that practically all forms of gambling and the vices associated with it may be found in the county (meaning the unincorporated sections) as well as in many of the incorporated communities..."

S.F. district attorney, or Edward Shattuck, former Republican State Central Committee chairman, will be elected.

If he wishes to, the new attorney general can come here and clean up.

And it is up to each of us to see that our next attorney general "wishes to... clean up here." Before November, let us demand commitments from either or both. (More of this in future issues.)

In the meanwhile, let us not become disillusioned. To solve the gambling problem and other bad conditions is not an easy task. This we know. But little by little and over a period of time, we feel certain that the problems will be solved.

This is one task to which your newspaper, with your support, has dedicated itself.

Robert Knudsen's Mobile Show at Berkeley Gallery

Currently on display at the Centennials Gallery of the Berkeley Public Library is the "Rosy Cloud" mobile of Orinda artist Robert Alfred Knudsen of El Rincon Lane. The mobile is an over-table feature of a vacation-theme table setting which also includes a fleet of Knudsen-created balsa-wood miniature airplanes, upon various-height wire supports, as a centerpiece based upon a three-square-foot mat woven of different-width balsa strips supplied by Knudsen.

The Centennials Gallery, Shattuck at Kittredge, where the Knudsen items will be shown through July, is open odd-dated days only — from 11 a.m. to 7 p.m. on odd-dated weekdays, from 2 to 4 p.m. on odd-dated Sundays and from 7 to 8:30 p.m. on odd-dated Thursday evenings. After their display there, the Knudsen pieces will be brought to Lafayette's Craft Shop, as its monthly exhibit.

You Can Try Out For Heidt Show

Residents of this area will be welcome to try out at the auditions Sunday and Monday, 7:30 p.m. each day, for the Horace Heidt show in Pittsburg July 31, according to N. L. Richardson, chairman of the auditions for the Pittsburg Optimists Club. The club is sponsoring the July 31 show.

The auditions will be at Pittsburg Junior High School auditorium. Contestants must be at least 14 years of age.

Lafayette Youths Get First Tickets To 'South Pacific'

Ed Grueb, Owen Babcock and John Babcock, three youths from Lafayette, purchased the first three tickets for the famed musical, "South Pacific," which opens in San Francisco July 31. Fourth buyer was a Walnut Creek lad, Bob Wallis.

That this was quite a feat was proved by the six around-the-block waiting lines of eager would-be show-viewers and the six box offices in operation at the Opera House. The usual speed of obtaining a ticket was five hours from the time the purchaser arrived at the scene—but the Lafayette youths and their Walnut Creek companion beat all the others by the simple expedient of arriving at 4 a.m. with sleeping bags and thermos bottles of coffee.

Because of the big response, two benefit performances of "South Pacific" for the Children's Hospital of the East Bay will be given, August 26 and 27, under sponsorship of the Hilltop and Acacia branches. Additional information and ticket reservations for the August 27 show—the one of the 26th is already sold out—can be obtained by phoning Mrs. George Brown, Lafayette 3647; Mrs. Burnett Hood, Lafayette 4806; Mrs. Calvin Hagstrom, Orinda 4021, or Mrs. James Allen, Orinda 2376.

Disability Pay Rules Clarified For Guardsmen

National Guardsmen injured while on active or training duty may be eligible for disability benefits administered by the Veterans Administration, regardless of how long ago they suffered injury.

Also, dependents of National Guard members who lost their lives on active or training duty may be entitled to VA-administered death benefits, regardless of when death occurred.

Benefit payments in both cases, however, may not be made retroactive prior to August 15, 1945, even though the date of injury or death was before August 15, 1945. The payments may be retroactive to that date, or to a later date of disability or death, if claims were filed in time.

A decision of the Administrator of Veterans Affairs recently gave this interpretation to Public Law 108, dated June 20, 1949, a law entitling National Guardsmen and their dependents to certain VA-administered benefits in case of disability or death suffered in line of duty.

Harvest 3 Autos For Prizes List At Walnut Festival

Three automobiles have been harvested where walnuts might have grown, according to an announcement of the top prizes for the 1950 Walnut Festival in September by Elmer Hansen, president.

The prize list was selected by the Walnut Festival directors, who abandoned their plan to award a walnut-studded building site at the corner of Sunnybrook Avenue and Danville Highway in deference to the request of Sunnybrook property owners.

Although the property already had been purchased by the Festival Association for the purpose, directors agreed to re-sell it and choose other prizes.

Awards will include: a 1950 Pontiac "Catalina," a Ford V-8 custom convertible and a Plymouth deluxe three passenger coupe.

The three automobiles were on display Sunday in the Walnut Creek city park at a folk dance festival for launching sale of Festival tickets.

ROAD ACCIDENTS UP

A comparison of figures for traffic accidents on rural roads in California during the first four months of 1949 and 1950, according to the National Automobile Club, shows that during the first four months of 1949 there were 8,703 reportable accidents, 10,307 persons injured, and 545 persons killed, while during the same period in 1950 there were 7,283 reportable accidents, 11,235 persons injured, and 551 persons killed.

Advice Offered On J.C. Courses

Counseling services for students planning to enroll in the Contra Costa Junior College are now available at both the East and West Campuses, according to J. Graham Sullivan, director of curriculum.

Students who want help in planning their college course should contact Mrs. Elizabeth Johnson at the East Campus, 521 Henrietta Street, Martinez, or George Faul at the West Campus, 1305 Central Drive, Richmond. Both offices are open from 8 a.m. to 4 p.m. on Monday through Friday.

In the foregoing descriptions, the width of all easements described by reference to a center line is measured at right angles.

In the foregoing descriptions, wherever right of way, easement, street, or other public way is described wherein work is to be done, it is the intention that said work shall also be extended so as to connect the same with existing sewers or sewer work to be constructed nearest to said right of way, easement, street, or other public way, and at the point in said proposed work where a manhole, flushing inlet, or other construction is shown on said Plans therefor, unless otherwise shown thereon.

BE IT FURTHER RESOLVED that such sanitary sewers and appurtenances be constructed in said streets, easements, reserves, avenues, roads, lanes, courts, places and/or public ways hereinabove described, of the dimensions, materials, and in the particular locations set forth and shown on the plans and specifications and detailed drawings hereinabove and hereafter referred to; together with the construction of all appurtenances thereto, including necessary fittings, trenchings, grading and regrading, excavation and fill, removal of obstructions, connections to existing services, back filling, reconstruction of existing ground surface as required to conditions existing prior to commencement of construction, all in the manner, of the materials and to the dimensions and to the grades, and in the particular locations as the same are more fully shown on the plans and specifications and detailed drawings hereinabove and hereafter referred to;

That the structures described and improvements herein described shall be constructed to the grades, sub-grades and elevations severally shown upon the plans and profiles and detailed drawings thereof, in the respective locations thereof, to which plans and profiles reference

is hereby expressly made for a description of the grades to which all of the work and improvements under this Resolution of Intention shall be done, which said grades are hereby adopted and established as the official grades thereof for all purposes in connection with proceedings pursuant to this Resolution of Intention; notice is hereby further given that said grades are or may be, in part, new and different from those heretofore established or existing, or may be, and in some cases are, different from existing ground levels;

All of said work and improvements shall be done to the lines and grades as shown on the plans and profiles and in accordance with the plans and specifications heretofore referred to for the doing of said work and improvement, and which are now on file in the office of the Secretary of the District Board.

Excepting from all of the herein described work all of said work that has already been done to the lines and grades shown on said plans and profiles, and in accordance with said plans and specifications;

The attention of all persons is directed to the fact that all of said classes of work above described may not be constructed upon all of the streets and/or public ways above described in their entirety, but only upon the particular locations as shown on the plans and specifications, to which the attention of all persons is directed for a description of the work, location of the several classes of work, a description of the classes of work to be done upon each of the several public streets and rights-of-way named, a description of the streets and rights-of-way, and for all other information contained in the said plans and specifications pertinent to the doing and completion of the work and improvements herein proposed; and

WHEREAS said contemplated work and improvements, in the opinion of this District Board, is of more than local or ordinary public benefit, said District Board hereby makes the expenses and costs of said work and improvements chargeable upon a district, which said district said District Board hereby declares the district benefited by the work and improvements herein described; and which is to be assessed to pay the cost and expenses thereof; said district shall include that territory in the Central Contra Costa Sanitary District, County of Contra Costa, State of California, which is shown on that certain plat or map on file in the office of the Secretary of the District Board, and which is set forth as the "Map Showing Proposed Assessment District Boundary for the Improvement of Local Improvement District No. 21 in Resolution 614 of the District Board," and which said map or plat indicates, by a boundary line, the extent of the territory included in the proposed district and covers all details as to the extent of the area to be assessed; said map or plat is, by this reference incorporated herein and made a part hereof;

Excepting from the area shown and delineated on said map or plat hereinabove referred to, the area of all public streets, avenues, lanes, roads, drives, courts, places, public parks and all easements and rights-of-way therein contained belonging to the public.

That the proceedings for said work and improvement shall be had and taken under and in accordance with Division 7 of the Streets and Highways Code of the State of California ("Improvement Act of 1911").

NOTICE IS HEREBY GIVEN that the Health Officer of said County of Contra Costa has recommended in writing to said Board that said proceedings for said work be instituted as a necessary health measure, and said Board heretofore ordered said recommendation spread upon the Minutes of said Board and by Resolution adopted by the affirmative vote of four-fifths of the members of said Board found and determined that such necessity exists.

That serial bonds shall be issued pursuant to Part 5 of Division 7 of said Streets and Highways Code (Improvement Act of 1911) to represent the unpaid assessments of Twenty-Five Dollars (\$25.00) or over for the cost of said work, said bonds to bear interest at the rate of SIX PER CENT (6%) per annum, to extend for a period of nine (9) years from the second day of January next succeeding the next October 15th following their date, and to be payable in annual installments the last installment thereof to mature nine (9) years from the second day of January next succeeding the next 15th day of October following their date, said bonds and the interest thereon to be payable as provided in said Code.

That Thursday the 20th day of July, 1950, at the hour of 8:00 o'clock p.m., of said day, and at the meeting place of said Board, 1822 Mt. Diablo Boulevard, City of Walnut Creek, in the County of Contra Costa, State of California, be and the same are hereby fixed as the time and place, when and where any and all persons having any objection to the proposed work and improvement, the grades thereof, or to the extent of the district to be assessed, or all thereof, may appear before said Board and show cause why said proposed work should not be carried out in accordance with this Resolution of Intention, and may present written protest, not later than the hour hereinabove set for hearing, against the doing of said work, the grades thereof, or to the extent of the territory to be assessed to pay the

cost and expenses thereof. That the Engineer of said District shall cause to be conspicuously posted along the line of said work and improvement, in the manner and form required by law, notices of the passage of this Resolution.

That the Secretary of said Board shall certify to the passage of this Resolution and shall cause the same to be published twice, as required by law, in the Orinda Sun, a newspaper published and circulated within said District and hereby designated for that purpose by said Board. The first publication of said notice shall be not less than ten (10) days prior to the date herein fixed for hearing on this Resolution of Intention.

Enrollment Increase Means New Schools

By SEAVER BALLARD

Member, Board of Trustees, Orinda School District

THE TOTAL GRAMMAR SCHOOL ENROLLMENT has more than doubled in the last four years. It has increased 123 per cent, or from 331 pupils in 1945-46 to 770 pupils in 1949-50. The first annual increase in that period was 76 pupils. The latest year's increase was 134 pupils.

Let us assume that this increase was unusually high for the last two years and that a more conservative estimate over the next six years is an average increase of only 120 pupils. Assuming that an average classroom should contain 30 pupils, it is obvious that each year we will need to provide about four new classrooms for our children. This means that a total of 20 new classrooms will be necessary at the end of the next five years.

Inasmuch as the present two sites at the Orinda and Glorietta Schools will have been built up to their maximum capacity at the end of the present construction program, the purchase of new land and the construction of two nine-room schools will be unavoidable. This will bring the total number of classrooms to 46, which, it is hoped, should carry us through the school year 1954-55.

INFLUX OF NEW FAMILIES

It might be interesting to conjecture as to the reasons for the rapid growth of our school population. Although an increased birth rate following the war has played a minor role, a study of the rate of influx of new families into our community provides the obvious answer.

An examination of our growth rate, as indicated by the increase in telephone subscribers and installation of water meters, shows that during the past four and one-half years the number of homes in Orinda has doubled, from approximately 900 to 1800. The increase is somewhat less percentage-wise than the increase in Grammar School enrollment.

A PROBABLE REASON for this is that the newer families have on the average more pre-grammar and grammar school children than the older residents. This was confirmed by a survey made by the school district last year, where it was shown that the residents on the Moraga side of the crossroads, where the greatest building activity occurred, had on the average more children destined for or already enrolled in the elementary school.

ENROLLMENT AND CLASSROOMS

A tabulation of the past school enrollment along with that projected for the future, together with the projected number of classrooms, past and future, is presented below:

Year	Enrollment	Classrooms Needed (30 pupils per class)	Classrooms Available
1945-46	331	11	12
1946-47	407	14	12
1947-48	509	17	12
1948-49	636	21	12
1949-50	770	26	19
	Projected	Projected - Needed	Projected - Available
1950-51	890	29	28
1951-52	1010	33	28
1952-53	1130	37	37 (new school)
1953-54	1250	41	37
1954-55	1370	46	46 (new school)
1955-56	1500	50	46

THE FIGURES FOR "CLASSROOMS AVAILABLE" include three sub-standard classrooms at the Orinda School which were originally designed for a cafeteria and two basement lunch rooms. All three of these rooms have been declared inadequate as classrooms by the State Department of Schoolhouse Planning.

Thearles' Yacht, Seadrift, Will Be New Family Home

The Philip H. Thearles have sold their home on Via Hermosa and are going to live on their yacht, the Seadrift, recently purchased. The Seadrift is now anchored in the Alameda Estuary. It is a beautiful yacht, 84 feet long, and on it the Thearles and their baby son will make their home.

Plans for the future include a trip around the world when Thearles retires. Thus a long-held dream has come true.

The Thearles' older son, James, who graduated in June from Acalanes, is going to Drew prep school this next year and hopes then to receive his appointment to Annapolis.

Dr. George L. Kerrigan, dentist of Oakland, and wife have bought the Thearles home on Via Hermosa.

Get Rid of Pests Before They Pester You

By BERT WRIGHT
ALL TOO FREQUENTLY I hear from gardeners who have spent considerable time planning their gardens only to have plant pests raise havoc. In many cases, they have used various insecticides after the pests appear but, of course, once they attack damage is done before they are brought under control.

The wisest thing for any gardener is to begin dusting BEFORE pests attack... and keep it up at weekly intervals all season long. At first this may sound like quite a bit of work, but actually it isn't. Today you can get all-purpose garden dusts that control most of the chewing insects, sucking insects and fungus diseases with which home gardeners are troubled.

ONE OF THESE DUSTS comes

in a gun that's refillable with a handy cartridge. The gun itself operates as a bellows and covers vegetables and flowers with an almost-invisible protective film. In a matter of minutes you can do a world of dusting.

Because an all-purpose dust affords protection against the major types of pests, you no longer have to wait until the pest attacks, determine what it is and then buy the "specific" for that certain pest. You can begin dusting as soon as plants leaf out and know that you are providing all the protection your garden needs from most pests.

If you have had trouble with plant pests and diseases in the past and would like additional information on all-purpose pest control, write to me at P. O. Box 151, Lafayette.

Aid for Needy Aged Average Is \$68.15

Contra Costa County's \$68.15 aid per needy aged person during May, 1950, was 56 per cent higher than the \$43.69 national average payment during April, 1950 (latest nationwide data available), California Taxpayers' Association said today.

Aid was paid to 3,125 people who qualified as "needy aged" in the county during May, total aid paid amounting to \$212,977 for the one month.

Refer Request for Re-Routing to D.A. Rd. Commissioner

Unkinking of a road problem in Monte Vista, Orinda, requested by Gilbert J. Brase of Oakland, is to be referred to the attention of Road Commissioner Joseph W. Barkley and District Attorney Francis W. Collins.

The matter was referred to them Monday by the Board of Supervisors, on suggestion of Supervisor H. L. Cummings, who will confer with the other two officials on the subject in the course of their studies.

A letter from Brase, who lives at 1042 Leo Way, Oakland, was read at the supervisors' meeting Monday. Brase stated in his letter that a portion of a road which was graded and surfaced in October, 1949, is on his property. He said that six months' inquiry by him have been of no avail, that construction of his new home on the property has been completed and that he wishes to move into it. However, the road portion in question should be re-routed off his property, he said.

Question as to whether the strip is a county road prompted Cummings to suggest referral of the matter to the road commissioner and the district attorney, Cummings explained this week.

New Show, 'Write It Off!', Opening Set for Friday

The Straw Hat Theatre, Inc., announces that the second show of its current fourth summer season at the Lafayette Town Hall opened last Friday night.

The new show titled "Write It Off!" constitutes another "first" for the Strawhatters. Departing in form, but not in style or spirit, from their typical revues, the group is presenting an all-new, original satirical musical with all the pace and wit of a revue, but with the addition of a comedy plot.

The original story for the show was written by Betty Marx Hirshfield of Berkeley, and Elizabeth Berryhill, director of the group. Dialogue is by Mrs. Hirshfield, and lyrics are by Miss Berryhill.

Gordon Connell, Straw Hat musical director, has composed a rollicking score.

Tickets for the new show are available now. Reservations may be made by phoning the Straw Hat office during the day, Berkeley 7-6460, or evenings at the theatre box office, Lafayette 3506.

Remember - ONLY YOU CAN
PREVENT FOREST FIRES

Fire Weather ... Heed These Tips!

Fire weather will soon put half of California in a highly inflammable condition. It does every year.

"Each citizen must realize that 90 per cent of the fire loss in California is the result of human carelessness," warns Woodbridge Metcalf, extension forester of the College of Agriculture, University of California. "A large part of fire prevention consists of basic precautions and law observance," he added.

Fire weather is the forest ranger's term for a combination of factors that make plants, trees and buildings under dry. When the humidity is below 30 per cent, winds are 25 miles per hour or more, and the temperature is 90 to 100 degrees and the fire hazards are great—it's fire weather. Radio warnings go out at such times, which may occur anytime from midsummer through late fall.

By cleaning up rubbish and debris around or under buildings, owners and operators can take a first step in fire prevention. A fire-track around haystacks and individual buildings has saved many a farm structure in California.

Through informing himself of the location of the nearest fire-fighting apparatus and keeping the phone number handy, the citizen has two strikes on a fire getting out of control. With a water hose with good pressure, both inside and outside the house, he has the first means ready for dousing flames before the firemen arrive.

Budget Sessions For 2 More Weeks

Budget sessions of the County Board of Supervisors will probably continue for two more weeks, Supervisor H. L. Cummings estimated this week.

The supervisors, he explained, are interviewing all department heads in an effort to arrive at a satisfactory budget.

Board Grants Five Land Use Requests, Continues Another

Five land use applications from the Lafayette-Orinda area were granted by the County Board of Supervisors Monday and consideration of a sixth was continued to next Monday.

The five that were okayed, all on recommendation of the Planning Commission, were:

Stephen W. Miller, to have 11-foot side yard and 18-foot setback, Lot 53, Tarabrook Tract, Unit 3 on Nonie Road, Orinda area.

10-FOOT SETBACK
Dale Stoops, to have 10-foot setback at one point, Lot 7, Aclanes Park at end of Sunnybrook Drive, Lafayette area.

Augusta L. Hoffman, to divide into three portions to build two additional residences, descriptive parcel containing .80 acres on north side of Old Tunnel Road, bounded on east by Barrett, on west by Granath across from lands of Buchan, Lafayette area.

Christensen and Lyons, to have nine-foot setback, lot with 82-foot frontage on east side of Brookwood Road, to rear and adjacent to American Trust Bank, Orinda Junction, Orinda area.

THREE SIDE YARDS
C. W. Lechtaler, to have six-foot side yards, both sides of residence, six-foot side yard for garage and eliminate setback for garage, Lot 12, Block F, Orinda Oaks Sub. on California Avenue, North Orinda area.

Continued to next Monday, with the Planning Commission having recommended a denial of the application, was a request from W. J. Boles to have a two-and-a-half-foot side yard on one side of Lot 686, Hacienda Del Orinda, Unit 7, fronting on north side of Camino Don Miguel, Orinda area.

Plans Speeded for 1951 X-Ray Survey

Pledging its entire reserve, the executive committee of the Contra Costa Public Health Association has appropriated \$5,000 toward the rapid tempo X-ray survey currently being discussed for March, 1951. In addition, the association will release two and one-half of its staff of six to work on the program when organization and job assignments are completed.

Mrs. R. J. Martye of Pittsburg, vice president of the association, presided at the meeting when this action was taken. Dr. H. L. Blum, county health officer, and Dr. Martin Mills, Richmond health commissioner, reported on recent meetings with county and city official bodies at which an encouraging amount of the \$35,000 needed to finance the program locally had been promised, with others taking their share under consideration.

Participation on a voluntary capacity on the part of the directors of the association is also assured.

Others present at the meeting were Mrs. Chester Hook, John Rock, Concord; Mrs. George Vurek, Orinda; Mrs. William Zufall, W. O. Barnes, Harold DeFraga, Harlan Lewis, E. C. Gunderson, Martinez; Leon Rahn, Walnut Creek; Marion M. Snodgrass, Richmond; Dr. and Mrs. Harold Trimble, Ethel Frances Murray and Lenore Craine.

Veterans Advised To Press Claims

World War II veterans in Contra Costa who believe they have received a smaller National Service Life Insurance dividend than they are entitled to are urged by J. W. Hammond, Veterans Service Officer, not to let the matter drop.

"In the majority of cases in which the dividend payment fell short of an individual veteran's own calculations, the error has been rectified," he said.

Forms may be obtained at 108 Hall of Records, Martinez, and 2721 MacDonald Avenue, Richmond.

Canadian Flood, Fun, Friendship Told By Coach Mattson, Back from Journey

By COACH ERWIN MATTSON

I RETURNED LATE LAST WEEK after a trip to the Northwest and Canada, where we had a most enjoyable time. I say "we" because I was accompanied by the two Borghesani boys, Bob and Forrest.

It was a wonderful trip all around, and at times we really "roughed" to put it mildly.

The farthest point north was a little town called New Denver, located in the heart of British Columbia. The roads in many places were badly flooded, and often houses were in several feet of water.

The town of Trail was one which had been hit rather badly by the onrushing waters of the fabulous Columbia River and many residences were in several feet of water while basements of stores on the main street were filled and had to be pumped out.

THE AMAZING THING was not the flood but the attitude of the people. They took the whole thing in stride and in a way seemed to enjoy the fight between the river and the people. Houses were built to the water's edge where any rise in the river would result in damage.

From tales of the people, it was evidently a rather disappointing year when the river failed to flood. It is rather difficult to understand why the people didn't build on higher ground unless it is the strange human desire for excitement — particularly in areas which are isolated — and so break the monotony of everyday existence.

The river at times rises very rapidly and becomes a torrent when early spring finds a sudden burst of hot weather. In New Denver this year, for example, on June 15 there was eight feet of snow in the town-site and considerable more on the banks of the eight-thousand-foot mountains which rose up on each side.

In a week all of the town snow was gone and most of the mountain's as well. Glaciers not far away added their bit and the new result was the Columbia on another rampage.

OUR MAIN CAMP was at a small town (of perhaps two hundred people) by the name of Silverton, located on the edge of Lake Slocan, which is one of the many such bodies of water contributing to the headwaters of "the river."

The town itself reminds one of the so-called typical back country village of forty years ago.

South of the lake, the highway traverses 30 miles of country mainly settled by the "Doukhobors," members of a Russian religious sect recently featured in Life, clothed in their picturesque native costumes. The women may be seen at work in the fields while their less colorful menfolk ride around in wagons or play baseball. The fanatical "Sons of Freedom" group, famous for their nude parades, burnings and religious demonstrations, has its headquarters at Krestova, within a mile of the south end of the highway.

Few can converse in other than their Russian dialect, as we found out when we stopped to get directions from a little old lady seated next to a fence post with a bottle of Canadian beer in her hand. Her wrinkled face seemed ageless as she peered at us through squinted eyes, and questions brought only grunts which were probably a result of inability to understand English and the effects of the 14 per cent Canadian beer.

AUTOMOBILES are few and far between, with Fords known as Metears and Ford trucks as Far-gos. Austins are the most common variety, with other small make European cars in evidence. All in all, there are few cars in town, even fewer vehicles coming through from the outside.

It is a matter of record that 22 American cars came through last year, which set an all-time high and has excited the local Chamber of Commerce no end. In fact, they have prepared an attractive brochure extolling the glamor and beauty of the area.

They sadly admit that the country's main drawback is poor roads, and it must be admitted that they are not conducive to comfortable travel. In many instances they are but corrugated dirt paths. One such section took us two-and-a-half hours to go 24 miles. In fact, our entrance into Canada was made via a railroad trestle from which the rails had only recently been removed, and one went bumpy-bump over the railroad ties with

to be a parade for adults and the kids. The athletic events boasted of two hardball games on a diamond which had been hastily constructed with rocks cropping up all over the place in what had been a bed of a stream during the flood period.

One of the main affairs was a tug-of-war with a championship to be decided, and in all events prizes were to be awarded. Fly-casting was another event, as was log-rolling. Log-rolling consists of two individuals on a log in open water. Each has caulked shoes, and the object is to throw the other fellow in by spinning the log with the spiked shoes and suddenly changing the direction of log-rotation.

Another event was log-bucking singles and doubles. Bucking is

another way of saying sawing with the elapsed time taken to cut a log forming the basis for competition.

Dancing was the climaxing event, with the ladies and gents taking to the waxed floor of the town hall at 10 p.m. and scheduled to go until all had had enough, which natives informed us would be around breakfast time the next morning.

And so closed the First of July in Canada, and with it I had best close this article.

IT WAS WITH REGRET that we left Canada and the Northwest to return home, but all things must come to an end, especially in view of the fact that time moves on and money runs out.

Canada is beautiful country, and

the people are very friendly. It does one good to find such fine and sincere friends, and makes one thankful for our friends, the Canadians. The boundary between our countries exists on maps only and not in the reality of friendships and neighborly feeling.

Chamber Meeting On Monday Night

Next meeting of the Lafayette Chamber of Commerce will be held next Monday night, at 7:30, at Planter's Dock, President Bert Howard announced this week. Scheduled for discussion are subjects which had been slated for a regular meeting set for last Monday noon at the Curve which did not come off due to lack of a quorum.

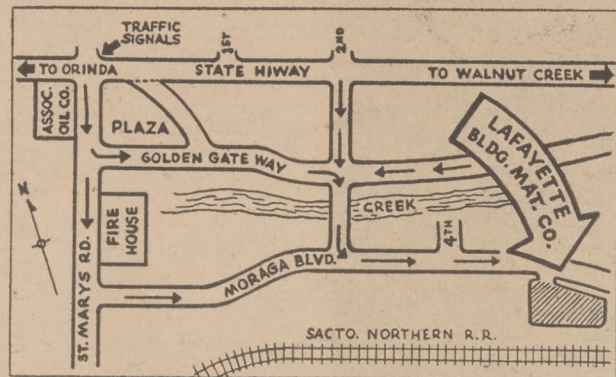

These topics include methods of stimulating local trade, on which topic a report is to be given by a committee headed by Charles Offen, and the Blue Cross group health plan, with a report on that by Jules Hahn.

\$2,115,560 Area Valuation Gain Big Aid In County's Jump of Over \$303 Million

Gain of \$2,115,560 in assessed valuation of the Lafayette-Orinda area over last year, for a total valuation of \$18,102,220, is a big factor in the countywide gain of \$19,507,205, it is revealed in figures released by County Assessor Justin A. Randall.

Contra Costa County's total valuation on the 1950-51 assessment rolls is \$303,056,905. This includes a net county valuation of \$251,889,485 and a State Board of Equalization tentative figure of \$51,167,420 which covers public utility properties in the county.

The assessment roll figures for school districts throughout the county, including equalization board estimates, show a Lafayette total of \$9,080,395 and an Orinda total of \$9,021,825.

For Lafayette No. 2, the total valuation is \$7,760,195, up \$966,845 from last year; for Lafayette No. 3, the total is \$1,320,200, up \$273,470.

For Orinda No. 1, the total is \$513,655, up \$80,380; for Orinda No. 2, the total is \$8,508,170, up \$794,865.

HOME BUILDING STRIDES

Reflecting the huge strides in home building in this area, these figures are a graphic indicator of the progress of the Lafayette and Orinda communities.

The assessed valuation report was submitted by Randall to the County Board of Supervisors, which has begun studies as a board of equalization to hear protests against individual assessments listed. These deliberations are expected to last through next Tuesday.

OTHER INCREASES

Nearby communities generally showed increases, too, with the result that the valuation for Supervisorial District No. 2, which includes Lafayette and Orinda, is \$38,349,480, a net gain of \$3,840,760, and that for Supervisorial District No. 3, including the Walnut Creek, Concord, Pleasant Hill and Martinez areas, the total is \$67,396,700, a net gain of \$3,363,275.

The Moraga area's total valuation is \$740,635, an increase of \$19,730.

For the first time in more than 10 years, the city of Richmond takes second place in the amount of net gain, with first place being occupied by Antioch School District No. 5 with an increase of \$4,142,745. Richmond's upswing was \$3,565,855.

Richard Rices Return

From Southern California

Mr. and Mrs. Richard Rice have returned from a two weeks' vacation in Southern California, where they visited his parents, Dr. and Mrs. George A. Rice, former residents of Lafayette now living in Anaheim. The young Rices were accompanied by their two small daughters, Lindy and Kathryn.

NICHOLS HOME FROM CAMP

The R. E. Nichols family returned last week to their home on Springhill Road from a camping trip high in the Sierra. The three Nichols children, Douglas, Katherine and Marilyn, especially enjoyed the 10 days spent at Tuolumne Meadows.

Mrs. Noyes Dies At Port Orchard

Funeral services were held in Port Orchard, Wash., Monday, at the Pendleton - Gilchrist funeral home, with Rev. R. N. Olson officiating, for Mrs. Hattie M. Noyes, who died July 7.

Mrs. Noyes was born in Illinois December 30, 1865, and was married to Alva Noyes in Butte, Montana, in April, 1882. In 1921 Mrs. Noyes came to Lafayette, where she lived with her father, the late C. M. Buck, until his death in 1934.

Then she returned to Port Orchard. Burial was in Dillon, Montana.

PLENTY OF ROOM

When you see a one-eyed car approaching at night, assume that the light that has gone out is on your side, and give the approaching car as much room as you can, urges the California State Automobile Association.

Orinda Rotary Committee Heads Are Appointed

Appointment of committee chairmen of Orinda Rotary for the 1950-51 term was announced recently by the newly installed president, Frank Olson.

Joseph Sheaff was named club service chairman; Jack Buchter, community service chairman; Fred Morrow, international affairs, and Dr. Jim Wasley, vocational service chairman.

A sportsmen's movie on hunting and fishing, furnished by the Pacific Gas and Electric Company, was shown at last week's session. Dr. Cleveland, Berkeley chemist, was guest speaker at the regular session of the service club held Wednesday, according to Frank Olson, president.

President Olson, accompanied by Vice Beauchamp, secretary, represented their club at the District Assembly for new presidents and secretaries at Shasta Springs last weekend.

Traveling north by train Friday, the group convened at the Siskiyou County resort. Talks by Otto Heib and Rilea Doe of Oakland Rotary were among the highlights of the session, which concluded Sunday.

Rev. Matthews Vacation Pastor

Rev. Godfrey Matthews has been selected as vacation preacher at the Orinda Community Church during the absence of the minister, Rev. Fred Morrow, July 23 to August 13. Rev. Matthews was formerly pastor of Eden Church in Hayward, and his most recent pastorate was in Klamath Falls, Oregon.

During his four Sundays the regular summer schedule of 10 o'clock Sunday morning services will be maintained.

Our Hat's Off to The Grand Jury

The SUN this week takes off its hat to the county grand jury. This grand jury had the courage to do what other juries would not do. This grand jury, headed by George H. Johnston of El Cerrito, officially exposed gambling in the county, as well as other conditions. (Published in last week's SUN and will be discussed in future issues).

Last year's grand jury, for example, completely whitewashed our law enforcement officers, despite the fact that gambling was prevalent.

The jurors have done their duty. Now it is up to us to demand that their recommendations be effected.

Children Stage Pet Show, Circus

The grounds of the Stanley Allens of Orchard Road were the scene last Saturday of a pet show and circus planned and put on by Susan Allen, Diane Nuffer and Peg Kableisch. It was a jolly success.

The children from the neighborhood brought their pets for judging—cats, dogs and even horses! In the cat showing, Susan Allen's cat won first prize, a blue ribbon and a Hershey bar. Linda and Larry Axelsson's cat, second place, won a red ribbon. The cats of James Knudsen, Jeff Niklas and Lois Allara won white ribbons. The cat of Laurie Hupp not only refused to go to this show, but made her little mistress so late in trying to catch her that the whole family was late to the affair.

DOGS
The dogs made a fine showing. The first prize went to Dennis Allara's mother dog and her three puppies. There were many oh's and ah's over the cuteness of this dog family. Phil Nuffer's little black puppy won the red ribbon, and Steven Rasmussen's dog won third place.

The children were all so proud to have horses at their show, too. These were not frisky young ponies, but gentle and steady old horses that seemed to love to have children about them. Steve Rasmussen's Patches won first place. After the showing, pony rides were sold, and the money received from this and from the sale of pop and popsicles, chances in the fishpond, and from the fortune telling booth (presided over by Susan Allen in gypsy costume) decorated with costume jewelry from her mother's stockpile) amounted to about five dollars, which the children decided to give to the Children's Hospital.

FASHION SHOW
Funniest event of the day was the fashion show. Modeling formal and sun suits were Dick Allen and Phil Nuffer, whom the girls made ready with the gowns and a generous application of makeup. The "models" strutted about the improvised stage, the garage floor, and won enthusiastic applause. The children, all 11 years old and younger, are already planning another show some day.

Rev. Fred Morrow Speaks Sunday on Trueblood's Book

Emergence of lay religion and the growth of redemption societies are the two "Signs of Hope" which will be dealt with Sunday morning at 10 o'clock at Orinda Community Church when Rev. Fred Morrow speaks on the closing chapters of Elton Trueblood's latest volume of that title.

For boys and girls he will give the final chapter of the true story of Robert Moffatt, famous missionary to Africa and father-in-law of David Livingstone. The Sunday School continues through the summer at the same hour as the church service.

Clipper Club's Social Tonight

The Clipper Club of the Orinda Community Church will hold a joint meeting of both groups at the church tonight at 8.

It will be an evening of cards in the Sunday School wing. Both bridge and canasta will be played. Refreshments will be served with Mr. and Mrs. Joe Creighton in charge of arrangements.

Korean Service Benefit Payments Announced by VA

American servicemen called into action in Southern Korea might be eligible for several benefits administered by the Veterans Administration, it has been announced.

Those who suffer injury or disease in line of duty may be entitled to disability compensation pay at full war-time rates, despite the fact that this nation is not at war.

Also, if they carry National Service Life Insurance, premium payment may be waived in case of injury or disease "traceable to the extra hazard of service"—and any action in South Korea could fall under that category.

Dependents of those who might lose their lives in action may be entitled to death compensation benefits at wartime rates.

Full wartime rates for disability and death compensation, arising under conditions similar to the Korean situation, are authorized by Public Law 359, 77th Congress, passed 12 days after the attack on Pearl Harbor in 1941.

RECORD ALAMEDA FAIR
All attendance records were smashed at the annual Alameda County Fair that closed an 11-day run last Saturday. Attendance for the historic exposition hit the 203,000 mark.

Court Overture to Divorce Trial—White Given Temporary Custody of 2 Children

Pending trial of his divorce suit against his wife, blonde Dorothy Hallford White, 34, C. Wadsworth White, 37, well-known Orinda and Oakland attorney, was granted temporary custody of the couple's two young children last week.

By order of Superior Judge Homer W. Patterson in Martinez, White was awarded temporary custody of seven-year-old Cynthia and three-year-old Lee Mayfield.

This action occurred after Mrs. White's mother, Mrs. Elizabeth Hallford of Walnut Creek, told the court, "In my opinion, my daughter should not have custody of the children."

CHARGES CRUELTY

Charging cruelty, White filed suit in Superior Court June 20. Mrs. White, who had asked for custody of the children, child support and alimony, said she would file a cross-complaint. Judge Patterson awarded her \$100 a month temporary alimony and allowed her to remain at the family home at 1 Las Vegas Road, Orinda. White has been living at the Athens Club in Oakland.

Allegations made by Attorney O. F. Fenstermacher on behalf of White were that Mrs. White had burned paper at the door of White's bedroom, that she had kicked in the glass panel of his Oakland office door, that over the phone she had told a client of her husband's, who had called White's office, that she "ought to get a good attorney" and that Mrs. White had gone out once clad only in a fur coat.

"ALWAYS WANTED TO DO"

To which Mrs. White replied that, regarding the fur coat inci-

dent, she had sat in the family car while they were living in Richmond last year to prevent her husband from driving off in the car, and that kicking in of the glass door "was something I always wanted to do."

Judge Patterson promised to issue an order directing White to pay for "reasonable and necessary medical treatment" for Mrs. White.

White's complaint stated he and his wife were married September 12, 1942, in Berkeley, and were separated October 3, 1949. Mrs. White is represented by Attorneys H. Ward Dawson, Thomas F. McBride, Jake Ehrlich and Roy A. Sheaff.

If you love children — yours and your neighbors, slow down when you drive home today.

A recent project for the Jack L. Bowers of Orinda was the readying of their lakeside home on Carnelian Bay, Lake Tahoe, for the summer. With them during the week spent there were Mr. and Mrs. Martin Zache of Moraga del Rey, Mr. and Mrs. Earl Johnson of Eureka and Mr. and Mrs. Melvin Clark of Piedmont.

Letters To The Editor

Dear Sir:
One of the contributing factors to the huge success of our co-sponsored Parade of Barbershop Quartets, held June 24, was the part that the SUN played.

We should like to take this opportunity to thank you for the cooperation you gave us in putting the show over.
